WPA

THEMATIC CONGRESS

INNOVATION IN PSYCHIATRY:

EFFECTIVE INTERVENTIONS FOR HEALTH & SOCIETY

25-28 FEBRUARY 2018
MELBOURNE, AUSTRALIA

Welcome

It is with great pleasure that we invite you to join us at the World Psychiatric Association's Thematic Congress, Innovation in Psychiatry: Effective Interventions for Health and Society in Melbourne Australia, 25-28 February 2018.

This first congress of the new WPA term will be different in both tone and ambition from international forums of recent years. We aim to face up to the challenges of innovation, novelty and reform to make psychiatry more relevant and effective for people with, and at risk of, mental illness around the world.

ASCP
AMERICAN SOCIETY OF
CLINICAL PSYCHOPHARMACOLOGY

17th Annual Workshop on Clinical Trials in Psychopharmacology

April 23-24, 2018
NYC Bar Association, New York, New York

The American Society of Clinical Psychopharmacology (ASCP) was founded in 1992 to advance the science and practice of clinical psychopharmacology. Its nearly 1,000 members are physicians who study and practice psychopharmacology, as well as doctoral level investigators of clinical psychopharmacology or of pharmacology. ASCP members are advocates for clinical psychopharmacology and for clinical research.

ASCP has over 1,000 members, most of whom live in the United States. It is headquartered in Brentwood, Tennessee. The Society has four major meetings per year. The Fall and Spring Update on Psychopharmacology: State of the Art meetings (East and West coast) bring together a number of outstanding psychopharmacologists to speak and dialogue with meeting participants. For over 50 years, the ASCP Annual Meeting (formerly known as NCDEU) has featured emerging research in the field of psychopharmacology and brings together over 1200 academic and industry investigators, research pharmacists, and clinicians. Finally,

ASCP co-sponsors with NIMH and the Zucker Hillside Hospital an annual Workshop on Clinical Trials. This intensive two day workshop is the "how to" of designing and running clinical trials.
